A Look at ZIGG Condos' Indoor and Outdoor Amenity Spaces

February 27, 2015 7:12 pm | by Jack Landau | [1 Comment](#)

New developments are transforming the streetscapes of St. Clair Avenue West, taking best advantage of the strip's great walkability and its great accessibility thanks to the 512 streetcar. On the south side of St. Clair, not far west of Avenue Road, developers [Madison Homes](#) and [Fieldgate Homes](#) are bringing new opportunities to live in the area in the shape of [ZIGG Condos](#).

The 11-storey, [Kirkor Architects](#)-designed condominium development is offering 166 condominium units, ranging in size from 500 square-feet up to 1,776 square-feet. Residents at ZIGG will have access to several amenity spaces spread out over the ground and top floor of the building. On the ground floor, residents will enjoy a pet washing station, a fitness centre, a media lounge with a large TV and modular seating, a games area, party room with bar, kitchen and dining area.

The media lounge, games area and party room bar—labeled 7, 8 and 9 on the diagram above—are depicted in the rendering below, providing a taste of the space's engaging design, which like the other amenities at ZIGG, has been handled by [The Design Agency](#).

Up top, the amenities indoors and out, take advantage of the views. ZIGG's rooftop amenities include an indoor bar, while the outdoors features reclining lounges, barbecues, a dining area, a sheltered trellis-covered lounge space as well as seating open to the sky. The space will be dressed up through natural elements like the warmth of wood, planters, and the glow from a linear fire pit.
